HOW TO CREATE A SHORTCUT TO POP THE CASH DRAWER

1-Find the COM port number the adapter is using, in device manager (see video)

2-Right click on the desktop, click New>Shortcut

3-In the Location field, enter the following:

`C:\Windows\System32\cmd.exe /c echo hello>comX`

REPLACE THE LAST X WITH THE COM NUMBER IN DEVICE MANAGER

4-Click next

5-Enter a name for the shortcut (e.g. pop drawer)

6- Click finish

You will now have a shortcut on the desktop, which when double clicked, will pop the drawer.

Optional: set a keyboard hotkey:

- 1- Right click on the shortcut
- 2- Select the shortcut tab
- 3- Select the shortcut key field
- 4- Enter the keyboard key you want to use.
- 5- Click OK
